

ASTRONOMICAL BOOKS FROM THE VIRTUAL LIBRARY OF THE FACULTY OF MATHEMATICS WRITTEN IN THE XVIII AND XIX CENTURY

Virtual library, <http://elibrary.matf.bg.ac.rs>, of the Faculty of Mathematics of the University of Belgrade, contains more than 50 retro-digitized astronomical books written by Serbian authors. We present in this article a selection of books from this collection of Serbian authors from the XVIII and XIX century: Ruđer Bošković, Zaharije Orfelin, Atanasije Stojković, Đorđe Stanojević, Milan Andonović and Kosta Stojanović. For each of this author we present his short biography.
