

PAVLE KENGELAC IN GERMAN AND ENGLISH WORKS OF THE 19TH CENTURY

This work aims to objectively observe and evaluate those actors in the field of science and education who were founders of natural sciences among Serbs. Appearance of the name and works of Pavle Kengelac in international sources is documented here. Sources in German from the 30's and 40's of the 19th century are a travelogue *Reise in Serbien im Spätherbst 1829*, a journal *Blätter für literarische Unterhaltung*, a travelogue *Das Fürstenthum Serbien, seine Bewohner, deren Sitten und Gebräuche*, an encyclopedia *Universal-Lexikon, oder Vollständiges encyclopädisches Wörterbuch*, as well as its extended edition *Universal-Lexikon der Vergangenheit und Gegenwart oder Neuestes encyclopädisches Wörterbuch der Wissenschaften, Künste und Gewerbe*. In English, source is *Historical View of the Language and Literature of the Slavic Nations*, which was published in 1850. It can be noticed that Kengelac's work *Јестествословије* was classified in chapter *Mathematical Sciences, Physics, Natural History (Mathematische Wissenschaften, Physik, Naturgeschichte)*.

Key words: Pavle Kengelac, German sources, English sources, history of science
