Astronomers and Art

B. During the conference Petko Nedjalkov spread his translation of one of the biggest folk songs in Serbia “Волео сам девојку из града” that was the first hit song of Miroslav Ilić.

Градско момиче

По ливади цветни аз съм тичал,
пасох стадо край реката Гружа,
но залюбих от града момиче

Девојка из града

Ја сам рођен у цвећу ливада
чувах стада покрај реке Груже
ал заволах девојку из града

Градско момиче

**По ливади цветни аз съм тичал,
пасох стадо край реката Гружа,
но залюбих от града момиче
с устни сякаш пъпката на ружа.**

Девојка из града

**Ја сам рођен у цвећу ливада
чувах стада покрај реке Груже
ал заволах девојку из града
са уснама ко пупољак руже**

у дома си, в родното ми село.

С врано конче карам пак живота
пръскам в крчма своите парички
чуля чаши и лепя банкноти
и проклинам градското момиче.

своме дому у рођено село

И сад опет свога вранца јашем
и у крчми крчим своја стада
китим свирце и разбијам чаше
и проклињем девојку из града
